

Get HR in the Game by Impacting the Bottom Line

Presented by:
David Moyer, President
WorkMax by AboutTime Technologies

WorkMax 

"The trend in outsourcing HR, payroll, training and development is continuing to grow. Outsourcing has become a very convenient and inexpensive way for companies to fulfill many of their needs, and unless human resources prove themselves to be essential business partners, they are in danger of falling victim to this trend."

Amie Devero,
Founder of a professional management consultancy and author of the book *Powered by Principle*.

WorkMax 

Key to Become Business Partner

- Understand the key strategic direction of your company
- Make a plan to support the key strategic initiatives using business metrics
- Set HR Goals in business terms

Set HR Goals In Business Terms

- Profits
- Cost Savings
- Customer Satisfaction
- Employee Satisfaction
- Stock Price
- ROI
- Marketshare

WorkMax 

Key Strategic Goals

- What are they?
- How is the company measuring the success of these goals?
- How can HR contribute to the strategic goals?

Make a Plan to Support Key Business Metrics

- Payroll and HR Forms are key HR areas to apply key business metrics
 - Cost of litigation vs. deploying an automated system to track time with an audit trail
 - ROI of deploying a workforce management solution to get real time insight into labor costs, productivity and profitability per project
 - Time and Cost Savings for Automated and Integrated Time Keeping

WorkMax 

5 Ways for HR to Impact the Bottom Line

- Provide standard processes for key HR activities and eliminating paper forms
- Reduce data entry and report creation
- Eliminate duplicate data entry with integrated workforce management solutions
- Mitigating compliance risk with accurate time and forms record keeping with global visibility
- Empowering employees to manage their time and forms from any device to make it easy to submit forms and manage employee time keeping

Paper Forms

WorkMax 

Mitigating Compliance Risk

- Accurate OT
- Unlimited Shift Rules to pay accurate wages
- Employee signatures to approve hours submitted
- Global visibility into safety forms submissions to mitigate OSHA risks.

FLSA Cases Filed by Calendar Year

2015 FSLA Enforcement Stats

FY 2015	Cases with Violations	Back Wages
Minimum Wage	10,642	\$37,828,554
Overtime	10,496	\$137,701,703

WorkMax 

OSHA Fines

Type of Violation	2015 Maximum Penalty	2016 Maximum Penalty
Serious Other-Than-Serious Posting Requirements	\$7,000 per violation	\$12,471 per violation
Failure to Abate	\$7,000 per day beyond the abatement date	\$12,471 per day beyond the abatement date
Willful or Repeated	\$70,000 per violation	\$124,709 per violation

Global Safety Visibility

- Recent changes require safety issues at one location to be fixed at all locations
 - Need employees to document and send mobile safety forms to a centralized database
 - mobile form include photos, sketches, videos and voice notes.
 - Alerts to all company safety officers as soon as mobile safety form ins completed from the field or in the office

OSHA Electronic Submission Requirements

- Starting in 2017
- Many employers will be required to submit electronically

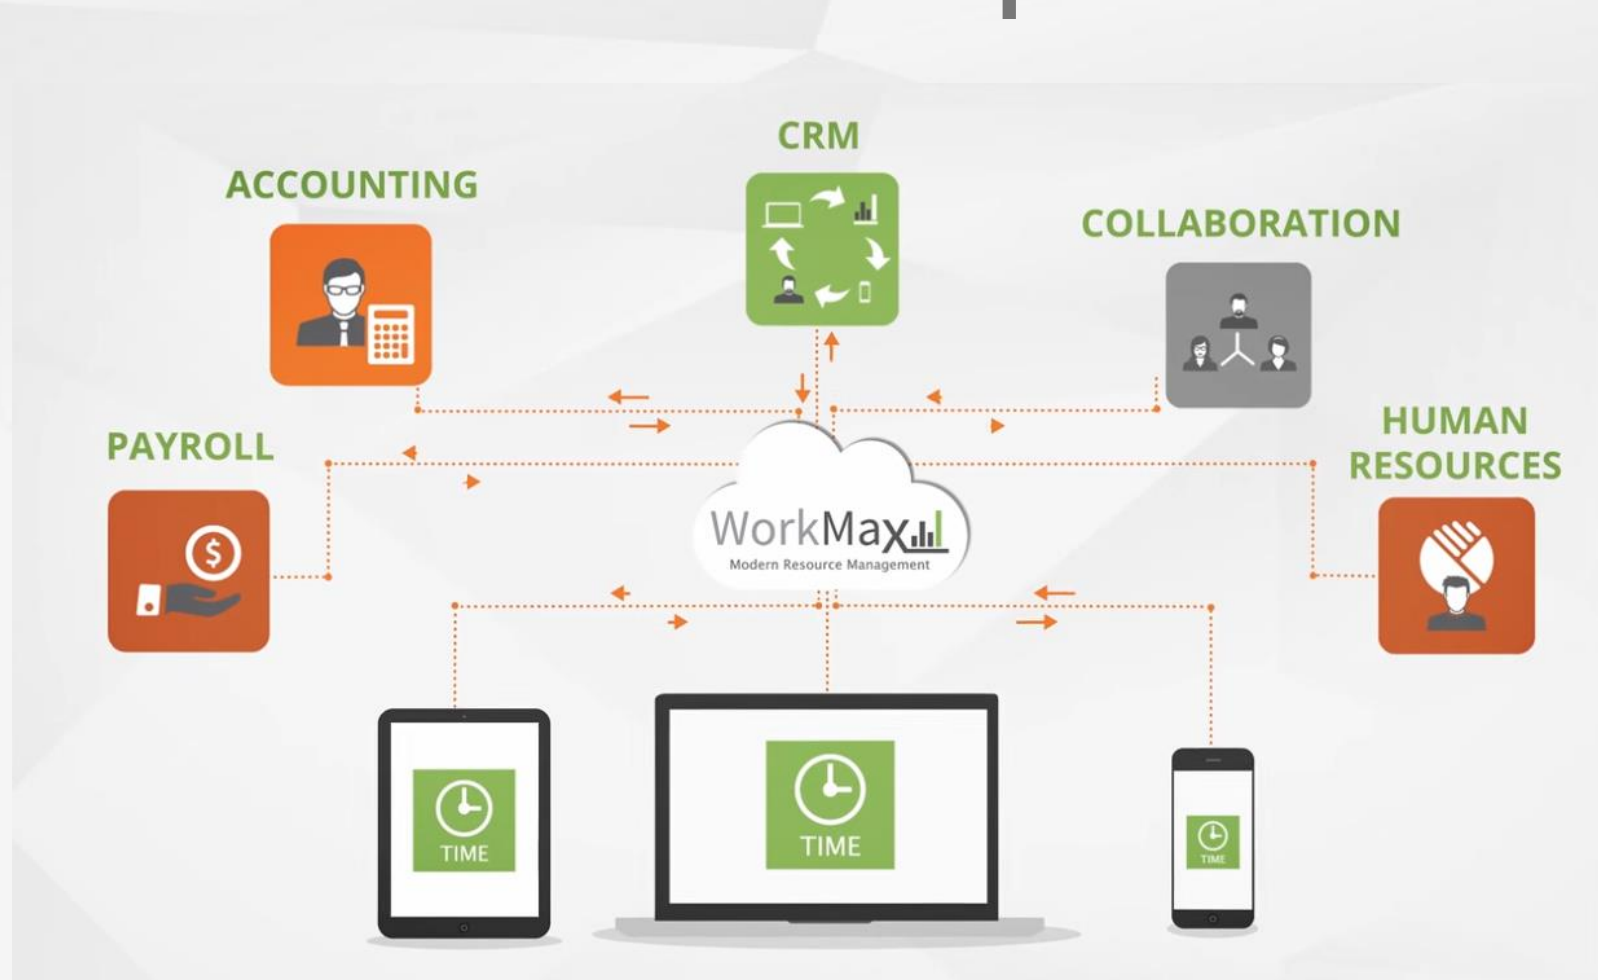

How to Submit Electronically

- Upload CSV file to process
- Transmit data electronically via an API
- Manually enter data into a web form

Source: OSHA <https://www.osha.gov/recordkeeping/finalrule/index.html>

Integrations Eliminate Duplicate Data Entry

WorkMax

Expedite Forms and Payroll Processing To Reduce Labor Hours

- Empower employees and supervisors to view time submitted
- Save Supervisor's Time with Group Approvals and Clock IN/OUT
- Mobile forms are accessible on any devices anywhere for employees to complete

Labor Cost Savings

Time Savings

Examples include: Overestimated clock in or out, lunches, or breaks

According to a Robert Half Survey, 4.5 Hours a week are lost to employers.

Human Error Cost Savings

Shrink Human Error

Keying errors or misreading handwritten records.

APA study estimates manual time card computation errors can cost 1 to 8 percent of your annual gross payroll. 3% was used in this example.

Payroll Labor Savings

Reduced Payroll Time

Manual entry and audit of time sheets
