WorkMax FORMS Features

WorkMax by AboutTime Technologies

Create and deploy e-forms to your mobile, remote, and local workforce. Now you can capture rich mobile form information including table data, calculations, digital signatures, audio notes, pictures, and video footage.

FORMS CAPTURE

Any Device, Anytime, Anywhere	Access, complete, and view forms from mobile devices or any web browser
Real-time	Forms can be captured and sent to the office in minutes
Runs Offline	WorkMax mobile app allows employees to enter form data while disconnected or without service
Intuitive	Easy to learn, simple navigation
Unlimited Forms	Create, deploy and submit as many forms as needed (no additional cost per form or form submission)
Auto-save	Mobile FORMS can be started, worked on and completed all at one time or saved as a draft and completed at a later time
Send From Mobile	Completed form PDFs can be shared and emailed to anyone (co-workers, customers, etc.)
GPS	Know where the form was submitted from a mobile device location
Photos/Video	Add photos/videos in real-time from a mobile device or a device's photo library
Annotation	Photos and blank canvas sketches can be annotated and inserted into forms from mobile devices
Signature	Add signature field into forms to mitigate risk
TIME + FORMS Workflow	Request/require forms to be filled out on clock IN/OUT

CREATION (WorkMax Control Center)

Widget Library	Simple and flexible one-click use to build and modify forms
Form Builder	Build and deploy forms in minutes without any coding
Conditional Forms	Embed sub-forms and triggers to other forms for robust work-flow capabilities
Clone	Quickly create/modify forms from existing forms
Calculations	Embed custom tables, formulas, and simple calculations in your forms to increase accuracy and reduce errors

SECURITY

Mobile Device Tokens	Secure tokens ensure that only approved mobile devices can access your forms
Role-base Permissions and Routing	Robust permissions and routing controls determine who has access to complete and submit forms
Secure Data	Secure access controls keeps customers and company data safe
